

QUALITY POLICY

DESGAGNÉS TRANSARCTIK Inc., a shipping firm offering highly specialized sealift services throughout the Canadian Arctic, aims to be responsive to the needs of its clients and is committed to deploying all the resources, energy and expertise at its disposal to satisfy these needs.

In all that it does for its clients, our company shall strive for excellence, and ensure that its quality service meets, or exceeds, client expectations.

Desgagnés Transarctik is especially committed to meeting the requirements of its quality management system, to making constant improvements to this system, and to advancing its administrative and operational activities in a safe working environment and with respect to the environment.
