Ste-Catherine, June 11, 2009

To our valued Clients and Partners:

We are pleased to inform you that based on the increasing demands at the beginning of this season, for Northern sealift cargo service and transportation, we have resolved to include the fifth ship in our 2009 sealift core fleet schedule.

The *M/V Sedna Desgagnés*, our most recent acquisition, a Beluga model F360, heavy-lift cargo carrier, will therefore be brought in, and will be deployed within the first sealift departures, in the first week of July.

Our schedules are adjusted accordingly, and in such a manner to accommodate the cargo demands, priorities and ultimately your planned projects.

We wish to take this opportunity to renew our commitment in meeting your expectations for excellence in sealift services. We wish all of you a successful season.

**WE SERVE YOU AS A PARTNER. WE ARE PROUD OF YOUR SUCCESS.**
