

Packaging and Shipping Guide Revision

We have come to complete the review of our Packaging and Shipping Guide, which reflects the standards required by Desgagnés Transarctik Inc.(DTI), Taqramut Transport Inc. (TTI), and Nunavut Sealink & Supply Inc. (NSSI)

This guide has been carefully documented, for our clients to take the best possible advantage of proposed packaging techniques, aiming for safe and efficient operations throughout all sealift stages.

For more information, you could consult the section entitled «**Packaging and Shipping**». Our clients and shippers are encouraged to include the pertinent parts of this Guide with their purchase orders to their respective suppliers and/or packager.
